

*MXI Corp is proud to announce the release of the X ProteinMeal™ Replacement Shake, the newest product to join the Xoçai™ Healthy Chocolate Family.*

Like all Xoçai™ Healthy Chocolate products, the X ProteinMeal™ Replacement Shake is ultra-rich in antioxidant nutrients that assist the body in fighting free radicals and contribute to a unique array of wellness benefits as well.

Boasting an amazing ORAC<sub>fn</sub> score of over 50,000 per serving, the X ProteinMeal™ Shake can significantly boost your antioxidant (ORAC) intake. The ORAC score measures how well components in food mop up free radicals in the body's tissues and blood. And science has definitely demonstrated that consuming 50,000 ORAC or more daily creates real and wide-reaching health benefits ranging from weight loss and anti-aging control to improved athletic performance and overall wellness maintenance. This is one of those rare areas of nutrition where more truly is better.

Now eating a 50,000-plus ORAC<sub>fn</sub> diet is made easy by incorporating the X ProteinMeal™ Shake into your daily routine. We're confident that you'll see the results you want after only 30 days (and we promise you'll want to continue using it forever!). It's super high in antioxidants, and is proven to help you lose pounds, boost energy, appear younger and feel great.

As a delicious, convenient and simple-to-use powder, the X ProteinMeal™ Shake is designed to custom fit your overall health and wellness needs. As the flagship product in the Xoçai High-Antioxidant Wellness System, the X ProteinMeal™ Replacement Shake is the total wellness package.
